'European brain drain'

Europe is currently not managing to “attract new talents” nor to “retain the best and brightest minds here in Europe” – overall there is a flow out of Europe, particularly towards US.

Red / orange = net outflow

Strategic Plan
Ca' Foscari

Objective 1 of the Strategic Plan 2021-2026, 'Improve and enhance the quality of research,' includes among its priorities “**attracting international talents and enhancing those already present at the University**”; in particular, Action 1.7 consists of “**Hiring winners of high-level qualification grants with direct calls.**”

To improve the quality of research and attract international talents, the University has implemented various strategies that can be summarized with the slogans Brain Gain and CAREER +.
